EXPANSION AND CANAL

Two Important Questions Discussed In the Senate.

VEST ON HIS RESOLUTION.

The Missouri Senator Holds the Policy of Expansion as Unconstitutional—Debate on Nicaragua Canal Bill Commenced.

Washington, Dec. 13.—Discussion of two questions, each of interest and importance at this time, was begun by the senate. Territorial expansion and the construction of the Nicaragua canal occupied the attention of the body during the greater part of the session.

As soon as the routine business had been disposed of Mr. Vest (Dem., Mo.) called up his resolution, offered last week, declaring it to be unconstitutional for this government to acquire foreign territory except for coaling stations or some like purpose, unless its intention was to confer statehood upon the territory and citizenship upon its inhabitants. Mr. Vest declared that it was a basic principle of this government that "the powers of the government were derived from the consent of the governed," and maintained that the federal government had no authority, either in morals or in the constitution, to go beyond that principle. He held that the principle had been sustained by the supreme court in various decisions, and that no public man of prominence and no recognized tribunal had ever been reckless enough to controvert it.

Mr. Platt (Rep., Conn.) took issue with Mr. Vest and announced that, at some convenient time in the near future, he would offer some remarks upon the resolution, in the course of which he would endeavor to show that the Missouri senator was wrong in his interpretation of the constitution and inaccurate in his deductions from the law.

Mr. Morgan opened the debate upon the canal bill with a three hours' appeal for action at this session. The whole country, he said, would be disappointed if congress did not act. He was willing to take any measure which would result in the building of the canal. In the course of his remarks he agreed to accept an amendment specifically excepting the canal from neutrality with regard to any country with which the United States might be at war.

IN THE HOUSE.

Another Bill Introduced For the Reorganization of the Army.

Washington, Dec. 13.—The house spent the larger part of the day on District of Columbia affairs.

Mr. Payne (Rep., N. Y.) called up a bill to amend the laws relating to the protection of American seamen. He explained that it would do away with some of the evils of the allotment system, under which seamen have been defrauded of their earnings; the punishment of prisoners by imprisonment is greatly lessened; masters are required to ship with a full complement of men; the food which the men are to receive is stated, and punishment by flogging is abolished.

Before adjournment Representative McClellan of New York introduced in the house a bill for the reorganization of the army. It was drawn after consultation with many army officers, and is supposed to represent the ideas of the younger element of the army. It makes some very radical changes in the staff and has some novel features. It consolidates the adjutant general's department and the inspector general's department in the general staff, absorbs the ordnance department into the artillery corps and abolishes the signal corps, transferring the duties of that corps to the engineer corps and the officers to the infantry. It adopts the cavalry strength of the Miles bill, the artillery strength of the Hull bill and the infantry strength of the Miles bill. One of the new features is a requirement that all officers of the general staff shall perform a tour of duty before each promotion, which would give them line duty at least every ten years. This is the German method.

Representative Hepburn introduced a joint resolution proposing an amendment of the constitution as follows: "No new state, the territory of which was not a part of the United States and under its jurisdiction and sovereignty on Jan. 1, 1898, shall be admitted to the Union unless three-fourths of the members elected to each house of congress shall vote affirmatively for such admission." The resolution was referred to the judiciary committee.

Regulars Go to Manilla.

Washington, Dec. 13.—The war department has begun in earnest the relief of the volunteer troops now stationed at Manilla by regulars. Secretary Alger signed an order designating

for this purpose six regiments of United States infantry out of eight held in reserve for services in subtropical countries. The regiments are the Twentieth, at Fort Leavenworth, Kan.; the Third, at Fort Snelling, Minn.; the Twelfth, at Jefferson Barracks, Mo., and Fort Riley, Kan.; the Seventeenth, at Columbus Barracks, O.; the Fourth, at Fort Sheridan, and the Twenty-second, at Fort Crook, Neb. They will go forward to Manilla as soon as transportation can be provided.

GARCIA'S FUNERAL.

Remains of the Cuban General Will Be Sent Home.

Washington, Dec. 13.—The funeral of General Garcia, the Cuban commander, who died here Sunday of pneumonia, will be held at 10 a. m. at St. Patrick's church in this city. The celebrant of the mass and the honorary pallbearers have not yet been selected, but will be announced later. The body will be placed in a metallic casket and deposited in a vault at Arlington, pending its removal to Cuba. The date of removal has not yet been fixed, but this government will place warship at the disposal of the Cubans for this purpose. This arrangement is said to be in accordance with the wishes of General Garcia's family and his comrades in arms.

Anti-Dreyfus Demonstration.

Paris, Dec. 13.—M. Millevoye and the Comte de Ramel, both members of the chamber of deputies, headed an anti-Dreyfus demonstration. They marched to the Chercé mid-prison, where Colonel Picquart is confined, but they were stopped by a cordon of police and were begged to retire. Thereupon M. Millevoye made a speech, during which he said they did not desire a conflict with these "brave fellows," pointing to the policemen, adding that they had achieved their object of being able to shout "Spit upon Picquart," who could hear them from the window of his prison. The crowd then marched to the Hotel des Invalides, the official residence of General Zurlinden, the military governor of Paris, cheering the army and chanting monotonously, "Spit upon Picquart."

After the Mormon Member.

Cleveland, Dec. 13.—At the union minister's meeting resolutions were adopted denouncing the election of Brigham L. Roberts as a member of the house of representatives from Utah, because he belongs to the Mormon faith. The resolutions, which will be transmitted to the house of representatives, declare that Roberts is a tool of the Mormon priesthood, and urging that body to refuse to recognize him as a member; that the most stinging rebuke possible should be administered to Mormonism, which threatens church, state and home.

Marched Through Havana.

Havana, Dec. 13.—The First North Carolina regiment, which arrived here on the United States transport Roumanian, disembarked and marched through the city with band and colors to camp at Marianao. By the time the regiment had reached the suburb of Cerro many hundreds of men, women and children were following, all showing deep emotion, the men embracing one another, the women weeping from excessive pleasure and the children shouting endearing names as the North Carolinians marched long.

Reception to Kentucky Troops.

Louisville, Dec. 13.—The First Kentucky, after four months' service, arrived home in Louisville from Ponce, Porto Rico, via Newport News. The regiment was met at the Union station by 6,000 people, a dozen bands, committees of prominent citizens and old army men. Later the legion was dined at Music hall, covers being laid for 1,100 men. The dinner was a tribute from the women of Louisville. A jubilee program of three days has been arranged and the soldiers will be feted.

Porter Returns From Cuba.

Philadelphia, Dec. 13.—Robert P. Porter, special commissioner of the president, who has been in Cuba several months making inquiry into the commercial and monetary condition of the island, arrived here on the steamer Admiral Sampson from Port Antonio. Commissioner Porter's investigations were made with a view to recommending such legislation as seemed best for the development of the recently liberated people.

Man and Wife Killed.

Burgettstown, Pa., Dec. 13.—Carl McBride and his wife were instantly killed by an express train at Raccoon station, on the Pan Handle road. They were driving in a sleigh from their home, near North Star, to this place, and were crossing the track when the train dashed into them, both being terribly mangled. McBride and his wife had been married with a few weeks.

Washington, Dec. 13.—The war department has begun in earnest the relief of the volunteer troops now stationed at Manilla by regulars. Secretary Alger signed an order designating

HOT TIME IN HAVANA.

Spaniards and Cubans Mix Up With Fatal Effect.

THREE OF THE LATTER SLAIN

The Patriots, Out of Respect For General Garcia, Endeavor to Close the Theaters, but Precipitate a Bloody Riot.

Havana, Dec. 13.—After the news of General Garcia's death spread through Havana the Cubans wished to have all the places of amusement closed.

They succeeded in closing two places frequented by Cubans, but the management of the Tacon theater, where there were many Spanish officers among the audience, refused to close the house. Thereupon Allegretti, a former captain of insurgent troops, got into an excited argument with the manager of the theater and Allegretti was escorted to the sidewalk by the police on duty. There Allegretti entered into a heated argument with a Spanish officer, who struck him across the face with the flat edge of his sword. Instantly there was a collision between the Cubans and the Spanish military men, more blows were struck on both sides and many persons from the cafes and park cheered for Spain and brought crowds of the people to the spot from adjacent streets and squares.

Suddenly a shot was fired; whether by Cuban or by a Spaniard, intentionally or accidentally, cannot be said, and the Cubans retreated into the Hotel Inglaterra. More shots were fired on both sides and Arturo Tizet, a French citizen born in Havana, was shot and seriously wounded while sitting at a table.

More shots were fired and Cubans ran through the hotel office and made their way upstairs. Jesus Sotolongo, a Cuban, fell wounded on the stairs, and another wounded man broke into the room occupied by Lieutenant Fitzhugh Lee, son of the famous general and former consul general here, demanding protection.

General Greene and several members of his staff, who had been out on a balcony watching the crowd, heard the uproar in the hotel and went into the corridor. So soon as the Spanish officers saw General Greene, who was in uniform, they stopped the pursuit of the Cubans, saluted and retired.

In the meantime Eastaquio Lemus had been fatally wounded in the street and Pedro Blesa and Senor Jiminez had been killed. Shortly afterwards the Spanish guards on duty swarmed in from the neighboring streets and order was restored.

Transporting Spanish Troops.

Washington, Dec. 13.—The quartermaster's department of the army is now called upon to face the very formidable task of transporting from the Philippines all of the Spanish soldiers who constitute the garrison of the islands. There are about 15,000 of these, according to the best information possessed by the war department. All of the government transports in serviceable condition are required for the movement of the United States army, so the war department will be obliged to invite proposals from transportation companies to carry the men.

Enlisting Fishermen.

St. Johns, N. F., Dec. 13.—Further evidence of the strained relations between Great Britain and France is afforded by the action of the British admiralty in distributing circulars all around the island of Newfoundland, inviting fishermen to enroll themselves in the naval reserve, for which special inducements are offered. The regulations require the men to enroll for a period of five years, during each of which they must put in 28 days drill in the shore batteries, together with six months on board a warship during the period of enlistment.

Must Go to Prison.

St. Paul, Dec. 13.—James H. Southall, convicted for grand larceny in the government time check swindle, will probably be taken to Stillwater to begin his ten year term, the district court having refused to grant a new trial and also declined to grant any further stay of execution.

To Welcome Our Warships.

Lima, Peru, Dec. 13.—Cubans residing here are preparing to give an enthusiastic reception to the United States battleships Oregon and Iowa on their arrival in the northern passage along the coast en route to join Admiral Dewey's squadron at Manilla.

No Assets.

St. Paul, Dec. 13.—Ernest L. Hospe of Stillwater has filed a petition in bankruptcy. The total debts given in the petition amount to \$179,500, while the assets are nominal, amounting to no more than \$375, claimed as exempt.

CHINESE IMMIGRANTS

Are Prevented From Landing on American Territory.

San Francisco, Dec. 13.—Owing to the strict quarantine regulations at this port, no mail or passengers were landed from the steamer City of Peking, which arrived from the Orient.

She left Hong Kong one day late and lost three days by unavoidable delays at other ports. She arrived in Honolulu a little over a week ago with 18 Chinese, who sought homes in the Hawaiian islands.

At the dock they were met by United States officials, who demanded of them papers giving them permission to land on territory belonging to Uncle Sam. Pending investigations by the officials, the Celestials were given quarters at the dock, and if they can not prove their right to enter the United States, they will be shipped back to their native country.

The soldiers of the New York regiment who were expected to arrive on the Peking will come on the next steamer from Honolulu. The only soldiers aboard are ten men who have been discharged on account of the expiration of their terms of enlistment. Eight of these are from Manilla and two from Honolulu.

All are in good health and there was no sickness aboard the Peking during the voyage.

Meeting of Baseball Magicians.

New York, Dec. 13.—The annual meeting of the National league and American association of base ball clubs will be held at the Fifth Avenue hotel, and for the next few days the eyes of the base ball world will be focused on this city. The session promises to be a most interesting one, as matters of vital importance are to be discussed. Among those who have arrived to take part in the proceedings are President and Secretary N. E. Young, Washington; James A. Hart, Chicago; A. H. Soden, Boston; John T. Brush, Cincinnati, and Receiver B. S. Muckenfuss, of the St. Louis club.

Chris Von der Ahe, of St. Louis, is here, and his fight with Receiver Muckenfuss, as to who shall represent the St. Louis club at the meeting, promises to be of the hottest kind.

Meeting of Freight Men.

Washington, Dec. 13.—The National Association of Freight Commissioners held its second annual session here. Among the subjects which will be considered will be resolutions on the following subjects: That express companies should be made amenable to the interstate commerce law and be required to file schedules of rates, and also contracts and agreements with railroad lines; endorsing the anti-scalping law; pledging the aid of the association to the railroads to prevent legislation needlessly injurious to common carriers.

The Aurora Scuttled.

Cleveland, Dec. 13.—While the steamer Aurora was towing the barge Aurania through the big fields of ice near Bar Point, Lake Erie, fire broke out on the Aurora, and she had to be scuttled to prevent her total destruction. She sank in about 20 feet of water. She was loaded with wheat and the cargo will be a total loss. She is valued at \$50,000. The fate of the crew is unknown, but it is supposed that they escaped on the ice. The Aurora is owned by John Corrigan, of this city, and was commanded by Captain Gain.

Colonel Bryan Resigns.

Washington, Dec. 13.—All doubt respecting the intentions of Colonel W. J. Bryan were removed by the receipt at the war department of a telegram from him stating he had mailed his resignation of his commission as a colonel of volunteers, and that it was approved by the division and corps commanders. The war department, of course, cannot act upon the resignation until it comes formally to hand, but there can be no doubt of its acceptance. It is supposed at the war department that the lieutenant colonel of Colonel Bryan's regiment will succeed him in the colonelcy.

Magowan Not Present.

Cleveland, Dec. 13.—Ex-Mayor Frank Magowan and his wife did not appear in criminal court when their case was called upon the charge of child stealing. The attorney representing the Magowans read a telegram from Mrs. Magowan's physician in Toronto, saying she was too ill to travel and that Magowan was unable to come, owing to his wife's illness. The hearing was then proceeded with, the plea of abatement being argued at length.

That Was All.

Napoleon, O., Dec. 13.—Fred Erhouse, a German farmer living near Okalona, committed suicide in the presence of his wife and three children. Erhouse butchered several hogs at his home in the morning, and his wife requested that he bring one of the hogs. This request was complied with, after which he asked: "Is that all?" On receiving an affirmative reply he coolly pulled a revolver from his pocket and fired the fatal shot.

Fatal Termination of a Row In a Southern Camp.

TWO SOLDIERS SHOT DEAD,

While a Third Is Severely Slashed With a Knife In the Hands of a Cook. ▲ White Volunteer Held Up and Killed.

Huntsville, Ala., Dec. 13.—Henry J. Neilligan, cook, and George W. Beverly, bugler, both of company G, First Florida, were killed here.

Neilligan and Beverly were on bad terms and had a fight in camp. Neilligan drew a knife and stabbed Beverly, who pulled out a pistol and told him to stand back. Neilligan's brother, H. F. Neilligan, seeing Beverly with a pistol in his hand, killed him with a Springfield rifle. Beverly's brother, Roy, emerged from his tent at this time and saw his brother fall. Thinking he had been killed by Cook Neilligan he shot the cook dead.

Private Porter Weisnant, troop D, Tenth cavalry, was found with a terrible bullet wound in the throat on West Holmes street. He spoke only a few words after he was found. He stated he had been held up by two white soldiers and shot.

SIX WILL DIE.

A Terrible Tragedy In a West Virginia School Room.

Charleston, W. Va., Dec. 13.—At a school exhibition near Poca, this county, occurred one of the most terrible tragedies ever enacted in the county, resulting in the death of one and the fatal wounding of five or six others.

A crowd of young men attempted to disturb the school exhibition and break up the performance, when the teacher, named Fisher, objected and tried to eject them. They turned on him and several of the audience coming to his assistance, caused a general free-for-all fight between two factions who have had a long standing feud. Harry Flasher was shot in the heart and died instantly; Henry Carney, shot in the back and is dying. Ralph Jones and two others whose names are not obtainable, were fatally shot. George Gibson was shot in the hands. Haz Harding had his skull crushed and several others received minor wounds.

This has broken out the old Poca feud and the end is feared. No arrests have yet been made.

Kentucky Murder Mystery.

Fulton, Ky., Dec. 13.—The decomposed body of a human being, believed to be that of a woman, was found in a thicket in Thompson's field near here. Hunters stumbled over the corpse. There was little of the body left except the skull, hair and bones. The clothing was well preserved. It is believed the person had been dead two months. A garter was found around one of the leg bones. The officers know of no woman near here that has been missing. This leads them to the opinion that the body is that of some woman lured here and murdered.

For Kentucky—Fair; decidedly colder; with a cold wave. The cold weather will continue till Wednesday night; northwesterly winds.

The death of General Garcia Sunday, at Washington, removes from life's active scenes one of Cuba's most noted and sturdy characters.

The sending of 1,800 tons of steel rails from Sparrows Point, Md., to Bombay, India, by the Maryland Steel Company, is a further indication of the inroads which American manufacturers are making in markets heretofore monopolized by Great Britain.

Our Republican and goldite friends have time and again publicly declared that free silver is dead. All the same, it isn't. The Washington correspondent of the Journal has taken a poll of Democratic Senators and Representatives in Congress as to who is the Democratic National leader, and what will be the choice of the issue in 1900. One hundred and eight Representatives were interviewed, 99 of whom declared in favor of Bryan and the currency question. Of the Senators spoken to, 23 were for the old leader and old issues until new ones developed.

TOBACCO GROWERS.

Steps Taken at Monday's Meeting to Organize Precinct Leagues.

List of the Committees Appointed to Carry on the Work—County Meeting Next Monday—Other Matters.

At the meeting of the Mason County tobacco growers Monday afternoon steps were taken to organize precinct leagues in all the county precincts of the county.

Circuit Court was in session, and the meeting was held in the County Clerk's office through the kindness and courtesy of County Clerk Wood. Hon. A. P. Gooding presided, and in the absence of the Secretary, Squire Abner Hord, Mr. H. C. Curren acted as Secretary pro tem.

Mr. Gooding and Mr. W. Scott Osborne, two of the delegates to the recent State convention at Lexington, reported what steps had been taken at that meeting to fight the trust and insure for the grower a living price for his crop.

The resolutions adopted by the State convention were read and were unanimously adopted.

Considerable discussion ensued as to just what steps should be taken towards organizing precinct leagues throughout the county. It was finally decided to appoint a committee of three in each precinct to push the work, and the meeting resolved itself into a committee of the whole for the selection of said committees, with the following result:

Plutown—Joseph Slack, Wesley Vicroy, Robert Perrine.

Washington—John B. Holton, Patrick Maher, Charles Hunter.

Murphyville—Thomas Maher, Scott Stevenson, Robert Watson.

Sardis—Logan Marshall, David Douglas, Willis Wiggins.

Fast and West Mayslick—A. P. Gooding, Joel Laytham, E. P. Pogue, Pat Marion, John Clark, Pres. Roberson.

Helena—William Mitchell, Michael Flaherty, William Luttrell.

Lewisburg—Thomas Best, Jesse Calvert, Michael Brauner.

Orangeburg—Frank Goodwin, Howard Farrow, Cleveland Hughes.

Hilltop—Charles Reed, John Downing, John Worthington.

Germantown—Dau Lloyd, C. T. Calvert, Joseph Hinson.

Minerva—Joseph F. Walton, Thornton King, Sam Frazer.

Dover—Scott Osborne, J. N. Boyd, E. D. Pickett, Dieterich—Jacob Ring, Henry Adams, Alex. Raines.

Plumville—Martin Heflin, Andrews Ring and Scott Fletcher.

Fern Leaf—John E. Boulden, John J. Thompson, Vach, Worthington.

On suggestion, Dr. J. M. Frazee, Mr. D. C. Frazee, Thomas J. Winter and Dr. Reed were added for the city of Maysville.

On motion it was decided that meetings be held in the various precincts of the county next Saturday at 2 p. m. to organize precinct leagues and to select delegates to the county convention to be held at the court house next Monday at 1:30 p. m.

The meeting then adjourned.

Several urged prompt action on the part of the precinct committees, stating that the trust already had agents in the county buying, in order to block the work of the league.

Miss Hocker Entertained Monday Afternoon With a Linen Shower in Honor of the Bride-Elect, Miss Owens.

Miss Hocker entertained Monday afternoon with a linen shower in honor of the bride-elect, Miss Owens. The gifts were exquisitely dainty and beautiful and were presented in a quaint, brass-bound chest—a treasure in itself. A most delightful lunch was served, Mrs. George Barbour pouring the coffee and Miss Mary Huston January assisting the hostess in presiding.

The guests were Mesdames Horace January, Sam English, Tom Keith, Rob and Harry Owens, Rob Blaine, Harry Barkley, Cleon Owens, Stanley Watson and Misses Mary Alter Barbour, Harriet Johnson, Katherine Albert, Rosa Pickett, Harriet January and Belle Barkley.

The guest of honor was gowned in pale gray poplin accordion plaited, and built over white silk, with white chiffon yoke and ruchings.

NICE SCHEME,

But it Didn't Work, Because Chief Donovan and Policeman Wallace Were On to it.

The watch stolen from Mr. Sam Smith early last week was recovered last night.

Fred Gilbert, who is in jail awaiting trial for the job, had sent it to his home at Robbtown, Lewis County. Yesterday it was brought back by Cornelius Gilbert, a brother of Fred, and turned over to George Thatcher.

Chief Donovan and Policeman Wallace were on to the whole scheme and nabbed Thatcher with the watch in his possession. They also arrested Cornelius Gilbert, and jailed him and Thatcher on charge of knowingly receiving stolen property.

The Gilberts and Thatcher had fixed up a scheme by which Thatcher, after the watch was turned over to him, was to claim he found it on Wall street and thus secure Fred's acquittal. Thatcher claims to be a detective and was very much put out when Chief Donovan made him hand over the watch.

MR. JAMES BROSHARS, who was a Maysville grocery merchant some years ago, died recently at his home in the West. It is reported he left his brothers, Messrs. Robert, William and John L. Broshars, of Charleston Bottom, about 600 acres of land and several thousand dollars in cash.

Brakeman Won His Suit.

LOUISVILLE TOBACCO MARKET.

Quality of the New Burley Still Disappointing—Highest Price Yet Obtained For the New, \$13 Per Hundred.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 2,237 bbls., with receipts for the same period 1,813 bbls. Sales on our market since January 1st amount to 93,322 bbls. Sales of the crop of 1897 on our market to this date amount to 77,537 bbls.

New Burley.—We offered during the week 1,363 bbls. The quality still continues disappointing, nearly every crop showing more or less house-hurn. Some few crops appeared that showed considerable merit; they sold at averages between 9 and 10c. The first large crop of the season that could be classed as fine was sold by one of our houses last week. This crop was from Gallatin Co. and consisted of 15 bbls. It brought from \$5.70 to \$13, making an average of \$10.57. The four best bbls. in this crop sold for \$13 per hundred, this being the highest price yet paid for the 1898 crop on any market. The competition of a large part of the purchasing power is still concentrated on the grades selling below \$5.50, though several new buyers have appeared this week for the good leaf that is bringing 9% to 13c.

Old Burley.—There were 439 bbls. offered during the week. The good and fine bright red fillers sat about the same figures that ruled for them last week. The common and medium fillers that are bringing from 7 to 9c. were very strong and we think a few bids higher. The common, funk'd sorts suitable only for smokers were taken at last week's prices.

The following quotations fairly represent our market for burley tobacco (1897) crop:

Trash (green or mixed).....	4 00/8 5 00
Common color trash.....	5 50/6 7 00
Medium to good color trash.....	7 00/10 10
Common lugs, not color.....	7 00/8 8 00
Common color lugs.....	7 50/6 9 00
Medium to good color lugs.....	9 00/11 10
Common or medium leaf.....	9 00/11 10
Medium to good leaf.....	10 00/15 20
Good to the leaf.....	13 00/18 00
Select wrapper leaf.....	18 00/20 00

Loose clothes and downy cushions bring only a negative sort of comfort to the women who are suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and the discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician.

Sold 21 cents in one-cent stamps to World's Dispensary Medical Association, Indianapolis, Ind., and receive Dr. Pierce's 100 page "Common Sense Medical Adviser," profusely illustrated.

The other defendants are Arch Cornett, the Court Clerk of Perry County, who is delinquent \$25.40 and T. L. Green, Clerk of the Robertson County Court, who yet owes the State \$12.

Lancaster, Ky., Dec. 13.—W. H. Atkinson is proprietor of a grist mill at Bura Vista, this county. Last spring Miss Mollie Johnson was thrown from her horse on the turnpike opposite the mill. Philadelphia, Dec. 13.—William Steele, formerly cashier of the collapsed Chestnut Street National bank, was found guilty by a jury in the United States district court. Steele was charged with aiding and abetting the late William M. Singerly, president of the bank, in misappropriating the funds.

Snowstorm on the Lake.

Cleveland, Dec. 13.—A heavy snow-storm prevails over Lake Erie, and this, combined with the ice fields, makes navigation very dangerous. The steamer C. A. Black, bound down with wheat from Duluth, is reported today as stranded near Bar Point.
